Congressman Tinkham Asks President Wilson For Fair Play For Negroes.

Washington. (Special.)—Congressman George Holden Tinkham called upon President Wilson at the White House and presented a memorial from the Boston Branch of the National Equal Rights League urging the immediate removal of all restrictions upon citizens of color who are seeking training as officers in the reserve corps, and disclaiming any charges of disloyalty to the United States in its present conflict because of the denial of rights to a majority of them.

The memorial in part requested that in the presence of a common danger and common obligation due to "a war devastating Europe because of racial clannishness and racial hatred, that the United States and the people thereof give up race prescription and persecution at home, and that the door of the workshop, the school, the college, the civil service, the navy, the military school and the naval school, now and forever, be open alike to every citizen of the republic without regard to race and without discrimination of color, and that the right to travel, to vote and to have court protection be free without barrier or denial."

The memorial was signed by Emory T. Morris, Matthew A. N. Shaw, William D. Brigham, William Monroe Trotter, Theodore Drury, Maj. Wesley J. Furlong, Mrs. M. Cravath Simpson, R. McCants Andrews, Mrs. May E. Gibson, Mrs. Mary C. Hall, Mrs. J. G. Street, Mrs. L. C. Parrish, Allen W. Whaley, Rev. Montrose William Thornton, Rev. Johnson W. Hill, Curtis J. Wright and Mrs. Emilie Sport.

Walden University.

Rev. J. W. Robinson, D. D., pastor of St. Mark's M. E. Church of Chicago, and his daughter, Miss Lucile, were guests of President and Mrs. White during commencement week.

The annual recital of the piano and voice classes on Thursday of last week was an entertaining event of the week.

The annual exercises of the young men's and young women's literary societies was held on Friday evening. Every number on the program was well rendered. The debate, "Resolved, that the ballot should be given to women on equal basis with men," was won by the affirmative. Miss Hazel Lyman and Miss Minnie Davis. The negative, Mr. T. A. Smith and Mr. R. L. Jackson, battled royally, but yielded graciously to the decision of the judges in favor of the affirmative. The address of Prof. W. D. Hawkins was a masterpiece in diction, content and delivery.

Field Day, Saturday, was spent out of doors with games. In the afternoon the children of the Sunday school gathered on the campus. They and their teachers played games and then were served ice cream as a close of a very happy occasion.

The faculty and students walked to Clark Memorial M. E. Church on Sunday morning. The company which filled several rows of seats in the center of the church listened with interest and profit to the sermon of the

pastor, Rev. T. W. Stephens, and the excellent music of the church choir. In the afternoon at three o'clock, Dr. J. W. Robinson of Chicago preached the baccalaureate sermon in Meharry Auditorium. In the evening a service of the Y. M. C. A. closed an eventful day.

On Monday evening in Meharry Auditorium were held the literary exercises of the graduating classes. The following members of the class were on the program: Miss Annie Mae Cloudus, Miss Samuella Williams, Mr. W. C. Wilkins, Mr. R. L. Jackson, Miss Louise L. Johnson, Mr. Ernest Floyd and Mr. William B. Dowlen.

Founder's Day was observed on Tuesday afternoon at Dr. Braden's grave in Greenwood Cemetery, with President Wilson in charge of the exercises. America was sung by the group of students, faculty and friends gathered at the grave. Prayer was offered by Dr. J. D. Chavis. The hymn "How firm a foundation" was sung, followed by a paper by Mrs. Mattie Carr Chavis. Other speakers were: Dr. G. W. Hubbard, president of Meharry Medical College; Dr. J. W. Robinson of Chicago, representing the Lexington (Kentucky) Conference; Dr. S. M. Utley, representing the Tennessee Conference; Miss V. L. Moore and Mr. L. C. Brown, former students. Floral offerings placed on the grave were: a bunch of white carnations from the Alumni Association, a sheaf of wheat from the Walden Circle; a wreath of roses from Mrs. G. W. Hubbard and roses from little Bert Campbell.

Tennessee Industrial School Notes.

The school is doing fairly well considering the conditions. Our greatest drawback is finding something to employ the boys. We all know an idle brain is not a good incentive to manhood. The work in and about the building and the dairy is not sufficient to keep them busy, thus our crying need is employment. The school quartette has been hampered on account of paroling our leading sopranos and have not been able to respond to several recent invitations to sing. We hope, however, to be able to render this service in the near future. Those recently paroled are James Cannon, Sam Summers, Jerry Smith and Robert Sumake of Nashville; Eugene Pearson and Harper

Vincent, of Knoxville. We are informed that the boys set about to find work at once and are trying to make good. We are hoping that our people will take more interest in this school in the future than they have done in the past. There is a great possibility here. The health of the school is good. We had an epidemic of measles during winter but that has ceased. Those who visited us recently are Prof. Washington, Reynolds, Peyton, Davis and Batte, Dr. and Mrs. McNorton of Washington, D. C.; Rev. Allison of Kansas; Miss Bettie Rose of Pulaski; Madams Batte, Reynolds and Bright and Prof. Card. The boys are always glad for these friends to come and some are trying to heed the advice given. Mr. Whitman of New York, who is in the city with the Bruce & Grace Company, was to see us and gave a selection which was greatly enjoyed by all. He has a wonderful voice and the boys are trying to imitate him. He also promised us complimentary tickets to his play. Mr. and Mrs. Tom Allison came out Sunday, 6th, in their car and took Maceo Cates and the matron with others for a joy ride. Those in the party other than the ones mentioned were Messdames Derrick and Hughes and Misses Moreland. After returning from Newley's Bend the visitors were served hot breakfast at 10:30, which was prepared by the kitchen boys. The Board of Control accompanied by Prof. Kilvington and Dr. Seal was here recently. They were delighted with the boys' quartette and expressed themselves pleased with the management of the school. Mrs. Carter, one of the helpers, attended the funeral of Mrs. Wilson last week. Prof. Davis was out making pictures and is expected to make the entire school soon.

Mrs. Missouri K. Buford, Matron.

Turner College Shelbyville.

Commencement week is on, and all is astir. The season was introduced Monday night, by the Seniors rendering a "seniors' stunt." In the chapel it was mock commencement exercise, lasting only a short while, but was full of mirth and side-splitting hits. The Juniors also, rendered "A Social Crisis" to the delight of all. Bishop B. F. Lee was a welcome visitor at the college one day last week, and addressed the students. He will return next week to hold the Board meeting which sets on the 22nd, the date of the meeting being changed from the 29th. President Jones spent last Sunday in Nashville, and attended the baccalaureate services at Walden College. He expressed himself as being delighted with the splendid program, when he returned. The regular commencement week will begin Thursday, 17, at which time the season will open with a rendition of "Gyp, the Heiress," by students of the Normal department, under the direction of Mrs. Watson. The President's Reception to the graduates is to take place Saturday evening from 6:00 to 9:00. The baccalaureate sermon will be preached Sunday in the chapel at 4:00 p.m., by Rev. Dr. Hinkle, of the M. E. Church, South.

Expression of regret are heard on all sides at the trustee board. The white people are also interested, and it is said that certain influences are being brought to bear to change the situation. Dr. Jones freely claims that certain local conditions of recent occurrence more strongly force him to his decision.

The annual contest for gold medals which takes place Tuesday night, the 2nd is looked forward to, with the usual amount of interest. Six different towns are represented by the contestants.

Galedas Of Pleasant Green Eat Beans.

Among the most active of the organized classes among the Baptist churches of the city are the Metoka and Galedas Classes of the Pleasant Green Baptist Church. Miss Emma Duncan, President of the Galedas Class and Miss Minnie the efficient Secretary from a fine working team. Mr. Johnson, the teacher of this class is one of the most experienced Sunday school workers in the city and a deal of the success of this class is due to his efforts. The Metoka Class is also a strong organization, the officers of this class are putting forth every effort to bring this class up to the high water mark.

For several quarters past it has been the custom to have a rally between the two classes. The class that won would entertain the victorious class, while they themselves ate beans and corn bread. This feature of Sunday school work was the source of a very pleasing entertainment held at the home of Mr. and Mrs. Peter Washington 909 Warren St., on Tuesday night. The Metokas were victorious for this quarter and they were elaborately served by Mrs. Washington who is one of the best caterers in the city.

A special program of music and addresses was carried out. Rev. H. A. Boyd Assistant Secretary of the National Baptist Publishing Board and Secretary of the Sunday school Congress which will convene in Nashville, in June, and Mr. Wm. N. Sanders, the beloved and efficient Secretary of the Y. M. C. A. during whose regime the Duncan Hotel property was secured for the Colored people charmed these present with their remarks. Mr. S. H. Johnson teacher of the class also spoke.
